

**The United States Government (USG)  
trained us to Defend the Nation...  
Boots 2 Cyber (B2C) continues the  
mission through Cybersecurity.**

**DRAGOS  
SILVER  
PARTNER**

B2C is on mission to continue to defend our Nation and its critical infrastructure. We do this through our DoD-approved SkillBridge program and strategic partnerships with Dragos, Rackspace, EC- Council, IEEE.org, among others. We have the capability to train the required cybersecurity certifications across ALL DoD mandated Cybersecurity roles, support CMMC-Readiness, and serve as the Virtual Chief Information Security Officer (vCISO) for SMBs.

## Capabilities

- **Dragos ICS/OT Cybersecurity Partner:** train/install/ops/products/services
- **All levels of DoD 8570.01-M Certification** Training across all DoD Cybersecurity Workforce Framework (DCWF) roles
- **CyberSecurity Training via DoD approved SkillBridge Program**
- **CyberSecurity as a Service (CSaaS)**

**rackspace**  
technology.

## MISSION

Train and redeploy USG Veterans as cyber warriors to continue to defend our Nation and its infrastructure..

## CUSTOMERS

- ★ Naval Facilities Engineering Command (NAVFAC)
- ★ Duke Energy
- ★ United States Marine Corps (USMC)

## CONTACT US

Boots 2 Cyber (B2C), a SBA-certified SDVOSB created by and for Veterans, is led by a team of Army, Navy, Air Force, and Marine Corps veterans with over 100 years of combined IT and cybersecurity expertise. Our mission is to hire experienced veterans trained by the United States Government (USG) to thrive in diverse, dynamic, and high-stakes environments and build upon this expertise with cybersecurity training and redeploy as Cyber Warriors to safeguard our Nation's critical infrastructure.

***B2C helps decrease negative impacts as veterans transition to the civilian workforce along with the overall veteran suicide and unemployment rates.***
